Using Sibelius

Arranging for your church
music group using Sibelius software

Richard Hubbard

Wednesdays 5 and 19
November
7.30 - 9.30pm

Sibelius has quickly established itself as the world's leading music notation software. It makes the job of arranging for your church music group both fast and fun.

These classes are designed both for those who don't yet own Sibelius, but want to see what it can do, and for existing users who need help in learning the programme.

Week One:

Introduction and overview of features

Week Two:

Using Sibelius to write an arrangement for worship group, produce parts and rehearsal CDs
